NORTH CAROLINA PROFESSIONAL TEACHING STANDARDS

There are five North Carolina Professional Teaching Standards.

Standard I: Teacher Demonstrate Leadership

Standard II: Teachers Establish a Respectful Environment for a Diverse Population of Students

Standard III: Teachers Know the Content They Teach

Standard IV: Teachers Facilitate Learning for Their Students

Standard V: Teachers Reflect on Their Practice

As you prepare for new students, if you are starting a new semester or reflecting on observations to enhance your skills to prepare students for End of Grade Tests. Ask yourself, have I made these standards a part of my teaching practice or how can I make these standards more effective in my teaching practice? We are approaching the time for summative evaluations and finalizing Professional Development Plans. These standards are based on the concept of your growth in your teaching experience not only as a Beginning Teacher, but overall in your career as an educator. It is our hope the foundation you build now will support you in a long and fulfilling career as a Bladen County Schools Educator.
