Bladen County Schools
Student Acceptable Use Policy

Introduction

The Bladen County Schools Network (BCS Network) has been established to allow access to the Internet and other electronic resources for educational purposes. This includes classroom activities, research activities, peer review of assigned work and the exchange of project-related ideas, opinions and questions via electronic mediums. This access makes a vast amount of diverse information available to students. The goal of the BCS Network is to provide resources that support the educational objectives of the State of North Carolina and Bladen County Schools. It is a privilege, not a right, which is extended to students, teachers and staff within the school system.

Because the Internet provides access to computer systems located all over the world, users must understand that Bladen County Schools cannot control the content of the information available. With access to this resource comes additional responsibility for the student. Some of the information is controversial and sometimes offensive; however, the valuable information and interaction accessible on this worldwide network far outweigh the possibility that users may find inappropriate material. Bladen County Schools does not condone the use of such materials and takes reasonable precautions to filter access to these materials. Anyone using the BCS Network is required to sign an Acceptable Use Policy, which will be kept as a permanent record. School employees, students and parents must be aware that access to the BCS Network will be withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established by the Bladen County Schools Acceptable Use Policy.

BCS Network Rules and Regulations

1. **Acceptable Use:** The BCS Network is to be used in a responsible, efficient, ethical and legal manner and must be in support of the educational objectives and the student behavior guidelines. Transmission of any material in violation of any federal or state regulations is prohibited.

Unacceptable use includes, but is not limited to the following:

- Violating copyright/trademark laws
- Forwarding personal communications without the author's prior consent
- Using threatening or obscene material
- Distributing material protected by trade secret
- Utilizing the Internet for commercial purposes
- Providing political campaign information
- Using offensive or harassing statements or language including profanity, vulgarity and/or disparagement of others based on race, national origin, sex, sexual orientation, age, disability and religious or political beliefs
- Changing settings on computers and peripherals
- Disrupting the use of the BCS Network
- Connecting unauthorized devices to the BCS Network
- Streaming non-educational music and videos
- Using web proxies to bypass Internet content filtering for access to blocked web sites
- Accessing programs or computer equipment not designated for student use, including hacking and other unlawful activities
- Playing non-educational games
- Displaying, distributing or printing offensive pictures, language or graphics

Deliberate violation of the BCS Network acceptable use will result in the following consequences and is subject to the most current version of the Bladen County Schools Code of Conduct:

Minor Offense 1: Warning and notification of parents

Minor Offense 2 / Major Offense 1: Temporary loss of BCS Network access (not to exceed 30 calendar days)

Minor Offense 3 / Major Offense 2: Loss of BCS Network access for the remainder of the year

2. **Internet Etiquette:** Users must abide by Internet etiquette rules in their communications online.

3. **Privileges:** The use of the BCS Network is a privilege, not a right. Inappropriate use will result in cancellation of user privileges and any other penalty determined appropriate by the Superintendent or designee, including without limitation, suspension or expulsion. No reference to any specific penalty in this policy shall limit the authority of the Superintendent's designee to impose any other or additional penalties or timelines determined to be appropriate as a consequence for violation of this policy consistent with the Discipline Policy of the Bladen County Board of Education.

Acuerdo de aprendizaje a distancia

Para el año escolar 2020-21, el aprendizaje a distancia se convertirá en uno de los principales métodos de entrega de instrucción para nuestro distrito, en respuesta a las órdenes ejecutivas del Gobernador y los requisitos de salud pública que rodean la pandemia COVID-19. Las expectativas y los requisitos para el aprendizaje remoto serán muy diferentes este año. Por favor revise la siguiente información cuidadosamente.

Asistencia: se requiere que los estudiantes completen todas las tareas y actividades educativas asignadas por sus maestros diariamente para documentar su asistencia. Todas las tareas deben completarse y enviarse a más tardar a las 11:59 PM en la fecha de vencimiento designada. Los maestros ingresarán a la asistencia diariamente en PowerSchool. Se requiere asistencia regular en el aprendizaje a distancia de la misma manera que se requiere asistencia regular en el aula tradicional. Los estudiantes deben estar activos en los registros, debates y otras comunicaciones como lo esperan sus maestros.

Calificación y tareas: todas las tareas serán calificadas y deberán presentarse en las fechas de vencimiento apropiadas. Los estudiantes recibirán las calificaciones que obtienen de las tareas. No completar las tareas requeridas resultará en sanciones académicas apropiadas. Todas las políticas y procedimientos académicos regulares estarán en pleno efecto. No habrá modificaciones adicionales a las prácticas y procedimientos de calificación para el aprendizaje a distancia en el año escolar 2020-2021. La expectativa es que el nivel de trabajo en el entorno de aprendizaje a distancia será de la misma calidad que el del aula tradicional.

Entrega de instrucción: la enseñanza se realizará a través de una variedad de formatos. Google Classroom será el sistema oficial de gestión del aprendizaje para el distrito a principios del año escolar 2020-2021. El sistema de gestión del aprendizaje será la herramienta central utilizada en la instrucción de aprendizaje a distancia. Todas las lecciones serán registradas y publicadas en el sistema de gestión del aprendizaje.

Expectativas para los estudiantes mientras están en línea: cuando los estudiantes están en línea con los maestros, deben practicar los mismos comportamientos apropiados que se les requerirían en el entorno tradicional. Los estudiantes deben estar atentos a sus maestros y deben estar concentrados en todo momento. Del mismo modo, los estudiantes deben vestirse adecuadamente siguiendo el código de vestimenta del distrito cuando estén en línea. Además, los estudiantes y los padres deben asegurarse de que el fondo detrás de las cámaras en línea de los estudiantes sea apropiado para la escuela. Los estudiantes y los padres deben consultar regularmente sus sitios de Google Classroom para todas sus clases.

Comunicación con los maestros y el personal: los maestros y el personal de apoyo estarán disponibles durante el horario escolar normal, de 8:00 a.m. a 3:30 p.m. La información de contacto específica, incluida la información de teléfono y correo electrónico, se publicará en el sistema de gestión del aprendizaje. Los maestros y el personal responderán a todos los mensajes recibidos durante el día escolar a más tardar 24 horas después de que se dejó el mensaje. Para los mensajes recibidos después de las 3:00 p.m. Los viernes, se responderá a más tardar el mediodía del lunes siguiente. Se requiere que los estudiantes revisen su correo electrónico regularmente y respondan de manera oportuna.

Al firmar a continuación, afirmo que entiendo los requisitos de aprendizaje a distancia para el año escolar 2020-2021 como se describe anteriormente (e incluido en el plan de aprendizaje a distancia y el anexo del distrito); y acepto cumplir con todos los requisitos, políticas y procedimientos necesarios del distrito específicos para el aprendizaje a distancia.
